Dear Minister

Business South Bank (BSB) is delighted to have heard that infrastructure to support fare gates will be installed to Platform 1 at the South Bank station.

Although this is positive news, it is not clear what exactly 'infrastructure' constitutes and when the fare gates would be operational.

Additionally, may we enquire as to when the complementary infrastructure will be installed for platforms 2 and 3.

As you would be aware, BSB has been advocating for many years the installation of fare gates at the South Bank station, and our members would be delighted to hear of this positive development and subsequent updates.

Please do not hesitate to have your office contact BSB's CEO, Janine Watson if you would like to discuss this further.

Yours sincerely

JOHN BARTON
